

The Legend

This year, we are inspired by history, storytelling and trailblazers and our theme is **The Legend**.

Legends are often at the heart of stories because they are exciting, inspiring and make us think – there are so many ways to interpret it! Think about what The Legend means to you?

You might think of an ancient myth or a fantastical tale of gods and monsters, fairies and dragons.

Who tells these stories? Is it a story passed down by your family or a ghost story told between friends? Why do we tell them? Is it to inspire us, to explain something or to warn us?

Maybe a legend is a person – a sports star, a superhero or someone that inspires you. What makes someone into a legend, and what kind of qualities do they have? Are they brave, funny, clever? What challenges might they face? Do they get help along the way, or do it all on their own?

Remember, creativity and imagination are the most important part of any story and something that the judges will be looking for. **What makes your Legends-inspired story unique?**
